Capt. Charles N. Fitzgerald, commander of the New York city air police, who has offered his services to Prof. Robert H. Goddard, who is planning to shoot a ball to the moon. Captain Fitzgerald, who is known as a daredevil, is willing to be inclosed in the huge ball, which will make the long journey.

AIR PATROLS FAIL TO FIND FLYER

Thorough Search Conducted for Missing Aviator

San Antonio (Tex.)—After fanning out 500 miles of what aviators described as the worst terrain in Texas between El Paso and San Antonio, forty patrol machines have returned to their border aviation fields without having found any trace of Lieutenant Alexander Pearson, Jr., army flyer who has been lost since last Thursday, when he took the air for San Antonio. He was going over the route he was scheduled to take in an attempted twenty-four-hour flight from Pablo Beach, Fla., to San Diego, Cal., on Washington's birthday.

The search will be resumed, every available machine at San Antonio, El Paso and border patrol points joining.

Belief that Lieutenant Pearson fell north of the Southern Pacific railroad on a large ranch was expressed by Major H. C. Pratt, air service officer of the Eighth corps here.

REMOVES HIS OWN APPENDIX

Local Anaesthetic Used in Unusual Operation.

Kane (Pa.)—Dr. E. O. Kane, chief surgeon at a hospital, operated upon himself yesterday for chronic appendicitis. He applied local anaesthetic during the operation, and his only assistant was a nurse, who held his head forward that he might see.

The doctor was propped up on the operating table with pillows. He dissected the tissues and closed the blood vessels as the knife penetrated the abdominal wall, and when the appendix was located he pulled it up and cut it off.

Dr. Kane is 60 years old. He has been a surgeon thirty-seven years. Several years ago he amputated one of his own fingers.

TRIPLE TRAGEDY AND SUICIDE

Sick Man Slays Three in Effort to Kill His Family

San Francisco—Prompted by jealousy or mental distress over his hopeless condition of health, Myron Black of this city made an effort to exterminate his family while they slept at 3 o'clock Tuesday morning, and succeeded in slaying one of his children, a roomer and himself, and seriously wounding his four-months-old baby.

His wife, Mrs. Rhoda Black, 26 years old, owes her escape either to a mad man's fancy, or perhaps to the fact that her husband chose to use the one remaining cartridge left in the weapon to take his own life instead of hers, for fear that neighbors aroused by the shots might interfere with his deadly purpose.

The dead:

Raymond Buss, 29 years old, United Railroads motorman, roomer at the Black home, shot in the head while he slept in the front room of the house. Died at the Emergency Hospital an hour later.

Ellen Black, 6 years old, shot in the head as she slept at her mother's side; died at the Emergency Hospital five hours later.

Myron Black, 30 years old, laborer, shot himself in the head; pronounced dead on arrival at the Emergency Hospital.

The wounded:

Rhoda Black, four-months-old infant, shot in the cheek and neck while she slept in a baby buggy beside her mother's bed; may recover.

BRADY TRIAL CAUSES ROW

Resignation of Heidelberg Airs New Sensation.

San Francisco—The appeal for a new trial of Thomas Brady, convicted of an attack on Jessie Montgomery in the Howard street shack, was bolstered up yesterday by the resignation of Assistant District Attorney Henry Heidelberg, who swore to an affidavit charging Jean Stanley and the Montgomery girl with having given perjured testimony in the Brady trial.

Heidelberg's declaration that Jean Stanley admitted she "had lied and lied" during the progress of the Brady trial was hailed by Attorney William F. Herron, Brady's counsel, as a powerful argument for further consideration of the case.

Jean Stanley and Jessie Montgomery, star witnesses for the state in the Howard-street gangster trials, are back in San Francisco, ready to affirm or deny accusations contained in affidavits that they lied during their testimony in the case of Thomas Brady, convicted of assault with intent to commit a felonious act upon Miss Stanley.

IMPEACH JUDGE LANDIS

Washington—On charges of high crimes and misdemeanors, Federal Judge K. M. Landis of Chicago was impeached in the house by Representative Welty, Democrat, of Ohio, because of his acceptance of the office of supreme arbitrator of baseball while still a judge.

The proceeding swept aside an opinion rendered recently by Attorney-General Palmer that Judge Landis was within the law and that there was no law making such acceptance a crime.

INQUIRY INTO RICE CRISIS

Hoarding of 1920 Harvest Blamed For Big Slump.

Sacramento—Conflicting statements as to the cause of the present crisis in the California rice-crop situation are being made by producers and distributers, together with the announcement that financial institutions had provided an $800,000 loan partially to alleviate the plight of the growers.

Hoarding of the 1920 crop by the growers, against the advice of millers, brokers and exporters, is responsible for the inability to dispose of the California crop, R. C. Mason, secretary of the distributers' organization, is reported as having said.

The $800,000 loan, subscribed by various financial institutions, will be allocated to California growers at the rate of $2 a hundred to tide them over the present situation, it was said by Dr. E. L. Dow, chairman of a committee appointed by the growers to investigate the situation and dispose of the crop.

The loans are to mature in four and one-half months and carry six per cent interest.

The loss to California growers through the break in the market will reach, it is claimed, more than $5,000,000.

TICKET OFFICE IS HELD UP

Posse in Pursuit of Three Bandits Who Rob Marysville Station.

Marysville—Three bandits held up the Sacramento Northern Electric Company's depot here Sunday night and escaped with $1000 in cash and a liberal amount of tickets.

The three bandits drove up to the depot that night shortly after 10 o'clock in an automobile. One of the men remained in the machine and the other two entered the station, armed with pistols, and commanded Fred Blackburn, the ticket agent, to throw up his hands. One of the bandits kept Blackburn covered with his gun while the other one tied him hand and foot and dragged him into an adjoining room.

The colored porter who, entering the station, attacked the bandits, was also overcome and bound, and a casual traveler who approached to buy a ticket, was bound and robbed.

DAYTIME HOLD-UP

Los Angeles—Two bandits Tuesday entered the offices of the Los Angeles Creamery Company, held up thirty employes with revolvers and escaped with $200.

After running from the building, the bandits fired twenty-four shots at employes who followed them, then forced a driver of a truck to take them about a dozen blocks from the offices of the creamery company. There they left the truck and, jumping into a parked motor car, drove away.

$100,000 FIRE AT MEXICALA

Mexicala (Lower California)—Damage estimated at more than $100,000 was done here by a fire which destroyed half a block of frame and adobe store buildings and their contents. Only about half the loss was covered by insurance, it was said. The quarters occupied by three courts—the Superior Court, the Court of First Instance and a Magistrate's Court—and their records were destroyed. The offices, fixtures and records of two years' work of the Chamber of Commerce also were destroyed.

MEN IN SHIPYARD OVERCOME BY GAS

Two Fire Departments Called to Effect Rescue

Oakland—The fire departments of two cities were called yesterday to drag eight unconscious men from a gas-filled tank in the hull of a tanker under construction in the Bethlehem shipyards at Alameda.

Two of the men lie in a critical condition at the Merritt hospital in Oakland and may die.

The remaining six are reported to be out of danger.

The two men whose condition is regarded as critical were working on the inside of an unfinished oil tank where riveting was in progress. The only access to the gigantic tank was through a manhole in the top. A hose ran through the manhole into the tank carrying gas to a stove for the heating of rivets. The hose leaked. The tank gradually filled with the deadly fumes of gas. In the semi-darkness one of the men was overcome and dropped to the floor. The other, with gas in his lungs, screamed for help, then fell prone beside his companion.

With the exception of the eight men, who were working overtime, the Bethlehem yard was almost deserted. The cry of distress brought the six coworkers scrambling to the top of the tank. One of them drew a deep breath and descended a ladder into the darkness. A minute or so elapsed and a muffled utterance from him told the watchers that he also had succumbed to the fumes. A second man knotted his bandana handkerchief about his face and descended the ladder to the rescue. He did not come up. The remaining four men followed in quick succession and shared the fate of their fellows.

Meantime stragglers about the yard were attracted to the scene and called the Alameda fire department. The fire fighters responded with gas masks and several went into the tank. Their failure to appear after several minutes occasioned general alarm. The Oakland fire department was called upon for more masks.

The firemen went down with lines about their bodies. They groped for victims in the darkness and succeeded in noosing ropes under their arms and about their bodies and they were dragged to safety.

FERRYBOATS CRASH IN FOG

400 Passengers Are Badly Shaken In Bay Accident.

San Francisco—While groping their way through the dense tule fog that menaced navigation on the bay from early morn until noon Saturday, the Southern Pacific ferry-boats Oakland and Piedmont collided at 7:30 o'clock in the morning a short distance south of Yerba Buena island.

Four hundred passengers on both vessels were shaken by the impact, and several were knocked down, but none was injured, according to officials of the company. Several women on board both craft fainted when the vessels crashed, but they were quickly revived and only small excitement prevailed on board.

By a majority of more than 20 to 1 the voters of the Fresno Irrigation District in a special election sanctioned the issuance of $1,750,000 in bonds for the purchase of the plant and system of the Fresno Land and Canal Corporation.

PILGRIM PAGEANT

One of the pleasing affairs of Campbell's activities was the Pilgrm Pageant enacted at the Congregational church Saturday evening. Judging by the complimentary expressions heard about town the performers as well as the directors, Mrs. Ellen R. Smith, Mrs. Helen Dodge, Mrs. T. A. Cutting and Mrs. Guy Merriman, may well be satisfied with the production.

The Puritan maids and matrons were dressed in sombre gray with white caps or black gowns and hoods. The men, carrying guns, wore knee breeches, high hats and white collars and cuffs of the early times.

The Indians, with bright feathers and blankets, added the needed color to set off the plain costumes by contrasts.

The prologue to each episode was given by Mrs. H. C. Smith, followed by the questioner, Dorothy Merriman, and the interpreter, Catherine Cooper.

The first episode was laid in England about the time of the departure for America, the second the landing of the Pilgrims in this new and unexplored world in the dead of winter, and the third the first Thanksgiving and arrival of Cushman with a charter from England. The final scene was that of the Goddess of Liberty, Miss Alice Duncan, bearing her torch on high, lighting the land for the good of humanity as represented by children dressed in the foreign garb of many peoples, while the Spirit of Brotherhood, represented by Miss Olga Evans, supported by the Pilgrims waving "Old Glory" vouchsafed them protection. The personnel of the cast is as follows:

Elder Brewster, F. Bohrman; William Bradford, Roy Archibald; John Robinson, Stanley Smith; Mistress Brewster, Adah Nelson; Mistress Chilton, Marian Duncan; Mistress Robinson, Verna Cutting; servant S. J. Keusch; sheriff, Guy Merriman; deputy, Lucius Buck; neighbor, Elizabeth Turner; Governor Carver, Theodore Cuttting; Miles Standsh, H. C. Smith; Stephen Hopkins, R. Y. Maxon; Edwad Tilly, Geo. W. C. T. U. CONFERENCE

An occasion of profit and pleasure was the meeting of Campbell W. C. T. U. held at the home of Mrs. C. H| Whitman on Friday afternoon. Mrs. S. J. Dorr, state president, with Mrs. E. W. Wolfe, state superintendent of Proportionate and Systematic Giving, Mrs. May Hollingsworth, county president,, and Mrs. Boynton, local president of Burbank union, all contributed to the discussions and offered practical suggestions for the work.

A line of study being taken up by many unions is the university extension course of Scientific Motherhood, material for which is sent out by the Uuniversity of Californa. In the matter of new members, Mrs. Dorr requested those securing new members to send the name obtained to her upon a picture card. These cards are to be strung together and shown at the national convention. A gain of membership places the state president upon the program on Jubilee Night. California has already made a considerable gain.

Mrs. Dorr explained the great importance of the passage of the Harris—Wright bill now before the legislature and urged all good people to write Governor Stephens in earnest behalf of the bill, also Anti-Gambling bill and the one requiring censorship of the movies by the state superintendent of public instruction and his committee. Other matters of interest were discussed and important plans formulated.

The evening audience was small but Mrs. Dorr felt no discouragement. A new member was gained after the talk who said that she had supposed the work of the W. C. T. U. was completed when national prohibition was ganed but had found in the evening's discussions that she had been greatly mistaken.

NANCY EDGAR

Mrs. Nancy Edgar, a native of Ohio, passed away at the home of her daughter, Mrs. Gould, on Virginia avenue, February 9, at the age of almost 96 years. She was married at the age of seventeen and became the mother of seven children, Mrs. Gould, the youngest, being the only survivor of the family.

Mrs. Edgar was an active Christian worker, always entertaining the pastors and other religious workers. In 1884 the family moved to Pomona, Mr. Edgar dying there five days after their arrival. She lived there and at Los Angeles until seven years ago, when she came north to live with her daughter.

The funeral services were conducted by Rev. H. L. Preston, pastor of the Congregational church, Friday at the home, interment being at Pomona.

BOOST YOUR MOVIE

The attendance at our movie theater has been anything but encouraging to the management for the past few weeks. This was partially caused by unavoidable arrangement of other social or entertainment affairs. The Campbell people generally are very proud of their new movie and the management has been showing some very good reels. At this season of the year there are always other attractions, but let us not neglect this educational feature which must enjoy better patronage to continue. It is not a good advertisement for a town's only theater to close on account of lack of patronage. Boost the enterprise.

SEEING YOSEMITE

The Pundita Circle was entertained Monday afternoon at the home of Mrs. D. H. Cramer. Mrs. Ralston Alison gave an excellent talk on the Yosemite Valley and the Lake region. The descriptions were so vivid one could almost see the beauties of these celebrated spots. The rooms were decorated with evergreens and pictures of the Yosemite Valley were displayed to the best advantage.

Mrs. Cramer and Mrs. Alison served refreshments in the same way that lunches are put up for hikers at Camp Curry.

Word has been received telling of the death of James W. Tawney at his home in Iowa. It will be remembered that Mr. Tawney was at one time a resident of Campbell, owning the Mrs. Cairns ranch on Los Gatos road.

NOTICE

Notice is hereby given that in pursuance of the resolution and order of the Board of Directors of the J. C. Ainsley Packing Company, organized and existing under the laws of the State of California, unanimously adopted at a regular meeting of said Board duly held on the 23rd day of December, 1920, at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue in the Town of Campbell, County of Santa Clara, State of California, a meeting of the stockholders of said corporation is hereby called for, and will be held at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue, in the Town of Campbell, County of Santa Clara, State of California, on Friday, the 25th day of February, 1921, at 3 o'clock P. M., for the purpose of considering and acting upon the proposition to increase the capital stock of said corporation from $100,000.00, divided into 1000 shares of the par value of $100.00 each, to $500,000.00, divided into 5000 shares of the par value of $100.00 each.

By order of the Board of Directors.

Dated: December 23rd, 1920.

A Good Reputation for Service

Your reputation is your most cherished possession. Your social standing, your position as a worker or as a business man—all the thousand and one things that make success in life possible, hinge on that priceless thing, reputation.

Knowing the worth of your reputation as an individual will help you understand why we place such value on our standing as a bank. Our record is a long one. Our progress has been steady. Both have been founded on conservative policies, and maintained by the same standard, to the end that our depositors could rest in a feeling of of security.

Ruskin once said: "Great things are not done by great efforts, but by great power with little effort." Men have said of us: "There have been times when I couldn't have pulled through without the old Bank!" What we did was a big thing for them, because of their urgent need; but it was a little thing for us, because of our reserve strength.

Two qualities we have sought to possess in good measure: On the one hand, those firm policies of conservatism, to protect the interest of our depositors; on the other hand, warmth of friendliness and ease of approach, to make those who deal at our bank feel toward us as we have felt toward them, that they are a part of our bank family. **Our patrons can join us in a certain pardonable pride in our long record, and in our good reputation for service.**

RIPE OLIVE DAY

Governor Stephens has set apart next Monday, February 21, as "Ripe Olive Day." All the United States are urged to eat olives. All California, for the sake of good example, is commanded to eat them. So those in the Golden State who were not born with a taste for olives, or haven't acquired a taste for olives, are to have olives thrust upon them.

It is fortunate, then, for the folks of Campbell, that Blaine's Store has just received from the orchard of Dr. Mack, Paradise, California, a shipment of olives of the new pack. Dr. Mack isn't a big, commercial packer. Having but a small orchard, he sells only to a few select stores that have discriminating customers—that is, to quality stores, such as Blaine's. His trees are on high ground, and that produces superior fruit, which the doctor knows uncommonly well how to prepare for eating. So folks of Campbell are, in olives, mighty lucky.

A container of Dr. Mack's goods was just opened today. The olives are black as jet. That, first off, is a proof of care and of knowledge in olive pickling. It's only a matter of looks, but the palate responds to the first signals of the eye. The first bite shows that the olives are meaty, not tough, nor yet too soft—just right. They cling to the pit a little, which is correct. Now we are chewing, we are getting the flavor—one word describes it: RICH. The doctor said, when he took the order last summer, "The other fellows are in too much of a hurry to get done—they use too much lye; that takes out the oil. I'll show you something!" He's done it. We took the first one slowly—we grab another quickly.

Special at only 25c a pint, or 50c a quart. Remember, here's both a duty and a pleasure.

They all report one of the "most scrumptious" times of their young lives.

FOREMAE TRSNSFERED

Mr. J. Clementz, who has been the efficient foreman at the California Canneries plant at Campbell, went to San Francisco Tuesday where he is to take charge of the work at the home plant. Mr. Clementz has been a faithful worker for the good of the company and has deserved his promotion.

R. Woelffel, an experienced cannery foreman, has come to take charge of the work at the California Canneries Co. Mrs. Thompson of Saratoga and Mrs. Rubell of Campbell will act as forewomen.

WATER COMMITTEE, ATTORNEY PRAISED

Considerable excitement was manifest at the water conservation meeting held in Campbell Tuesday evening.

The discussion was largely over the petition to the County Supervisor against granting $5000 to complete the survey of this county's irrigation project and the proposed water conservation bill for Santa Clara Valley.

Attorney L. D. Bohnett, who is drafting the bill, was present and explained that the bill as introduced was merely put on the State Senate file to secure a place for consideration at the next session. He stated that the bill as being drawn will be really an enabling act which, if it becomes law, would still be up to the people to decide upon its aplication. At the close of his remarks it was evident that he had made the plan quite clear to a number of conscientious objectors. Several of those who had shown much opposition to the methods of the committee and the bill signified their complete change of heart and willingness to boost the project. Finally the meeting gave an overwhelming vote of confidence in the work of the committee.

A REAL SURPRISE

Herold W. Morton passed one of his annual milestones this week and thereby hangs a tale. To some two score or more of his friends it had been hinted that if they should arrive at the home of his parents, Mr. and Mrs. W. T. Morton, Campbell avenue, at about eight o'clock Monday evening there would be some confusion. Curious beings, as humans are, they of course arrived promptly. Herold, busy reading bedtime stories to his kiddies next door, never dreamed of the shock in store for him. When his mother called him over on pretense, imagine his chagrin and confusion to walk in on a houseful of pals all dressed up and nowhere to go. He had postponed a much-needed shave for the morning chore, and his attire—well, he looked bad enough—but soon reappeared all dolled up for the occasion. The party, so accustomed to drives and campaigns, then began a whist drive from which several experienced veterans returned alive but battle-scarred. When the smoke of battle had cleared Ralph Martin and Mrs. W. Stanley Wilson had gone over the top, leaving Mrs. W. H. Stray and H. C. Smith far in the rear ranks.

On behalf of Herold's friends H. C. Smith presented him with a pretty gold vest pencil as a memento of the occasion.

Light refreshments were served at an early hour the next day, after which the guests departed with many best wishes for the surprisee. He is still wondering how his wife worked the game so well.

DISCUSS NEWSPAPERS

Prior to the presentation of the program on Monday afternoon, Mrs. Ellen R. Smith gave the ladies of the Country Woman's Club a very graphic account of the "Absent Guest" dinner, at which she was the club's representative.

The topic for the day was "The American Newspaper." Mrs. H. C. Smith read a paper outlining the origin and development of the newspaper, followed by a few illustrations from "Typical Newspaper Stories."

Will Carelton's poem, "The Sanctum King," was very well presented by Mrs. Alison, after which Mrs. Higbie and Mrs. W. I. Merrill led an animated discussion on the value of the newspaper the first named taking the pro side of the question and the latter the defects and evil results of newspaper reading.

Campbell has a new up-to-the-minute tire hospital just opened by Messrs. Farley & Oslen. Modern machinery and appliances for quick and efficient service have been installed and these men are experts of their line.

Punctures, patches and retreads are their stock in trade and in this well-to-do community they should be kept busy throuhout the year.

Mrs. J. U. Porter went to Santa Cruz yesterday to spend the day with her mother.

MISTAKEN IDENTITY

Trapper Dead in Hills Is Taken For War Hero.

Redding—Finding of the body of a miner and prospector named Charles Edward Stanton of Los Angeles in the mountains near here last week led to erroneous reports being sent out that it was the body of Colonel Charles E. Stanton, retired army officer and war hero.

The body was found on a mountain trail, death having been due evidently to heart failure while climbing. The trapper had been in this vicinity for three months prospecting and trap-

Immediate investigation of the condition of the municipal wharf to determine to what extent teredos have harmed it has been ordered by the Martinez City Council, following the receipt of a communication from the Shell Oil Company to the effect that the city will be personally liable for any damage that will result should the wharf fall. The municipal wharf was built in 1912 at a cost of $30,000.

The Burden of Proof Is on Our State Officials

The wealth of the State belongs to the people of the State. It is ours to give. It is ours to withold.
State officials demand $81,000,000 of our money in the next two years.
This is $33,000,000 more than was authorized by the 1919 budget. It is $15,000,000 more than the 1919 budget, plus all the money the people at the November elections authorized the administration to spend.
We are now told that the people must give this money to the administration or prove that the administration does not need it.

A Fair Proposition

Let us be reasonable. The people's money belongs to the people. It does not belong to the office holders. Our present revenues are sufficient to cover a budget equal to that of 1919–21 with its war-time prices and $18,000,000 in additional expenditures for schools, dependent children and bond interest.
If State officials want more than this, if they are asking us to support State Boards that Govornor Stephens admits should be abolished, and if they are asking us to spend money on other useless functions, we are entitled to know it.

Our Double Tax Burden

Already our per capita payment for State government each year according to the U. S. Census Bureau report (1919) is	**$11.24**
The average per capita payment for State government throughout the United States (1919) is	**6.05**
The excess per capita cost for every Californian is	**5.19**

This is 89 per cent above the average State government cost, and now we are asked to load on our backs an additional $15,000,000.

Who gets this Money?

We are told that the school teachers will get this money, but this is not true. They are already provided for in the amounts voted by the people at the November elections. We are told that this money is for dependent children and bond interest, but this is not true. These sums we have already authorized. We are told that the people must prove that this additional money is not needed, but this is not true. The burden of proof is on the State office holders who are now asking $81,000,000 of the people's money to spend in the next two years.

These are the facts:

No revenue deficit exists. **No ad valorum tax is needed.**

Ask your legislator to demand that the State live within its income.
